

Homework Six

Physics I

College of the Atlantic

Due Friday, October 29, 2021

There are two parts to this assignment.

Part 1: Edfinity. Do Homework 06 which you will find on your edfinity account. Note that there are three separate parts on edfinity for Homework 06: one for Chapter C10, one for Chapter C11, and one for Chapter C12. I recommend doing the edfinity part of the homework first. This will enable you to benefit edfinity's instant feedback before you do part two.

Part 2: Problems from the Textbook. Here are some instructions for how to submit this part of the assignment.

- Do the problems by hand using pencil (or pen) and paper. There is no need to type of this assignment.
- Make a pdf scan of your work using genius scan or some similar scanning app. Please make the homework into a single pdf, not multiple pdfs.
- Submit the assignment on google classroom. Please don't email it to me. (Between my two classes I will be receiving over 45 assignments a week. Keeping track of them all in email is challenging.)

The textbook problems are:

Chapter C10:

1. C10S.7

Chapter C11:

1. C11S.5
2. C11S.10

Chapter C12:

There are no textbook problems for this chapter. There are, however, problems on Edfinity.
